2022-02-19 Gold and Silver			
SB	4:53	Cpl Francis Jacob	Cpl Francis Jacob informed C/Supt. Paradis that there was no major incident to report. OPS is maintaining their line in downtown, OPS and RCMP are also aware of the MP attending the house of common this morning.
SB	8:21	Tara Harrington Downing	Tara Harrington Downing shared with Silver that 300-500 protestors still remain in downtown core. As for the Intel- PIU/FPTAS, SOI Personal has been observed downtown Ottawa and has posted things on his social media including comments like "shoot all pigs". Additionally, Bulford was released after his arrest and reportedly no conditions were imposed on him. In fact, he has been seen trying to return to the downtown core.
SB	8:29	A/Commr. Arcand	A/Commr. Arcand shared that they are looking for bodies for prisoner processing. Mike O'Beirne is taking charge on this task.

Wm

SB	10:00	Silver	on Monday. Silver was asked to provide an additional 100 resources which are going to travel tomorrow and arrive <i>C/Supt Michele Paradis:</i> <i>Discussion between DCFP Duheme, A/Commr Keith Finn, A/Commr Mark Flynn, C/Supt. Rich Boylin and</i>
SB	9:43	Stephanie Sachsse	<i>Rep:</i> <i>Discussion between Silver Command, Stephanie Sachsse, Sandy Harvey and Sean McGillis regarding Sit</i> - Stephanie Sachsse is recommending Divisions to highlight arrests, member conduct or HR issues in order for everything to be collated into one place. In fact, the GSB Command needs to know where the pressure points are which will allow them to link with NPF at a high level. Thus, we should add a fifth box/line called "LR issues around relief". From a Division stand point, we always conduct a wellness check to members who report an arrest. Additionally, we conduct critical incident debrief for traumatic cases. - Stephanie Sachsse shared that her team was made aware of a 22 hours shifts in the last 48 hours. As for RFI, Stephanie Sachsse suggested that we should consider a separate RFI that reports directly to the GSB Command. Sandy Harvey shared that not everything that is reported goes into the RFI. Therefore, she is having a hard time stream lining that process. Sandy Harvey agrees that a fifth line should be added to the RFI. Stephanie Sachsse shared that CROPS and Divisions would like to know if they are any issues with their employees. Results: Stephanie Sachsse and Sandy Harvey will work together to ensure they capture what they aim to receive. Once that is completed, Sandy Harvey will follow up individually. Furthermore, Sandy Harvey informed Silver Command that she would like to receive all information in one request, once a day.

SB	10:01	Brian Brennan Brian Brennan informed Silver through the GSB Mailbox that: "As a result of the concerns raised related to the identification of our members responding to protests using the standard name tag, Divisions will now be able to acquire numeric tags which will display the member's Regimantal number. *The use of HRMIS number is not approved as an identifier given security concerns (i.e.: identifier or signing into RCMIP systems). Divisions will have the ability to issue call-ups directly to the vendor with the authority to spend up to \$10,000. The vendor has indicated they can produce 1,000 numeric tags within 21 days of the order being placed. Until such time, a member has access to a numeric name tag, they will be excused from wearing their name tag while deployed to a protest."
SB	10:11	Vicki Jean Vicki Jean sent an email to NOC informing them that she overheard protestors planning a meeting for today [Feb 19/2022] at 10:00 at HERBS truck stop to discuss where they will regroup. During the meeting, they mentioned they have tents, fuel and money. A female mentioned her group was escorted across the Quebec boarder by police yesterday. Sandy Harvey forwarded the email to PIU, ICC, and O Div Intel.

SB	10:18	C/Supt. Paradis	C/Supt. Paradis received a message from Tara Herrington Downing (NCRCC) who stated a broadcast has just gone out relating to a clear water bottle with a black stripe being handed out to protestors that may contain Molotov cocktails, which is possibly being distributed out of Coventry. *The Broadcast was sent out at 10:45 am.*
SB	10:18	C/Supt. Paradis	C/Supt. Paradis attended the UCC and spoke the Commander Kelly Bradshaw: - C/Supt. Paradis asked whether she needed the extra 100-units, from which A/C/Supt. Bradshaw answer, "yes, bring them in." - C/Supt. Baylin and C/Supt. Paradis spoke to Mike O'Beirne and requested 100 additional federal resources. - C/Supt. Baylin is crafting a message that will go out nationally asking for federal resources (requesting all names, reg numbers and HRMIS). This message will have a diary date of 15:00 (EST) today.
SB	10:15	Mitch Monette	Mitch Monette asked Michelle Bergeron and Julien Doh who the on the Court Liaison team is. At 10:44, Michelle Bergeron responded "Myself, Cst Dean Mitchell and Cst Barclay Macleod. We also have Cst Ainslie Forrest who has been assigned to us from PRU." At 10:50, Mitch Monette asked "What are they doing now? How many can be released to the OPS for prisoner processing? This is an official ask at the highest level so I expect full flex on this." At 10:53, Michelle Bergeron responded "I'm the only operational member. If we can use non-operational, there would be Dean only, as Barclay (also non-operational) has been assisting logistics since this started. He could be redeployed if needed. Ainslie currently QDS and on a GRTW schedule, so she is not available." At 11:24, Mitch Monette responded: "Clearly you need to stay with traffic services and Barclay has been extremely helpful with logistics so we will keep him there. Dean Mitchell could be used with the Prisoner processing team. Lesley Ahara: as discussed at the GSB, we've been asked to try to get people (CM, PS, RM) to assist with the OPS prisoner processing team. Mario Panizzon is looking internally to HQ and I was asked to see if our existing Court Liaison Unit (CLU), can be of assistance. In short the very small ND-CLU may be able to provide just 1 person (Dean Mitchell). At 11:27, Mario Panizzon said "Stand down. We received clarity on their needs. They need prisoner transport/escort not processing at this time. Insp. Norman has identified 3 units and personnel and her team is linking in with OPS to deploy."
